+++++

Our member Juan Ayllon will be hosting this month's Chicago Audio Society meeting on Sunday, March 25th from 2:00 to 5 PM. Juan has an audio review blog:

www.prairieaudiomancave.com and has received a number of interesting products to review and share with us including the latest VPI Prime Signature Table/Arm, VPI Viper phono stage, and Cypher Labs Prautes Headphone Amp

There will be two listening spaces. Downstairs in the man cave will feature the following:

- **VPI Prime Signature turntable/arm (setup by Holm Audio)**
- **Ortofon MC Quintet Black S phono cartridge**
- **VPI Viper phono stage**
- **Lampizator DSD Komputer music server**
- **Lampizator Lite 7 DAC (modified internally with chokes, Mundorf MCaps EVO Silver/Gold capacitors, etc.) with the WK Audio "TheOne" prototype power cable**
- **PS Audio BHK preamplifier**
- **Odyssey Khartago Extreme amplifier**

- **Straight Wire SC Pro Special speaker cables**
- **Von Schweikert VR-5 HSE speakers**
- **Hsu Research ULS-15 Mk2 subwoofer**
- **Panamax M5300-EX Outlet Power Conditioner**
-

On the main floor, there will be a headphone listening station, featuring the following:

- **Sennheiser 800S headphones**
- **Audeze headphones**
- **Audio Arts HPX-1SE headphone cables**
- **Cypher Labs Prautes Headphone amplifier/preamp**
- **Pioneer Elite DV-45a SACD player**
-

Bring some vinyl to play in the man cave or CDs to play on the headphone station!
