**MARCH MEETING PLAYLIST + GRANDINOTE AUDIO at AXPONA**

Manuele Narduzzi hosted a great March meeting at his place featuring the Grandinote Mach 8 XL speakers and the Grandinote Solo Integrated Amp with DAC and Streamer.

His musical selections caught the ear(s) of those who attended and there have been requests for the streaming playlist. Thanks to Manuele for compiling a Qobuz playlist of the selections at the meeting that we can share with everyone.
