

We have a bonus opportunity in June to meet at Essential Audio in Barrington either on Saturday, June 27 *or* Sunday, June 28. It is **ESSENTIAL** (pun intended) that anyone interested in attending **NEEDS TO RSVP** as described below. We all enjoyed Brian Zolner last year demonstrating the Bricasti M1 DAC and now have the opportunity to hear the system driven by the Bricasti M28 mono block amplifiers.

Brian Walsh of Essential Audio of Barrington welcomes Bricasti Design president Brian Zolner on Saturday, June 27 and Sunday, June 28, 2015 from 1 to 5pm each day, speaking about and demonstrating the M28 amplifiers and M1 DAC. The rest of the system will consist of Sound Lab U-1PX speakers, Aurender W20 and N10 music servers, Kuzma Stabi Reference turntable with 4Point tonearm and CAR-50 cartridge, AMR CD-77.1 CD player, Atma-Sphere MP-1 preamplifier, Teo Audio equipment rack, and cabling and accessories by Teo Audio and Clarity Cable. Space is limited, so RSVPs are strongly encouraged. Refreshments provided.

To register for the session you wish to attend, please send an email to:

saturday@essentialaudio.com or sunday@essentialaudio.com and you will automatically receive confirmation along with details and directions. Or you can call Essential Audio at 773-809-4434. Demonstrations are available at other times by appointment.
