

**MEETING NOTICE - Sunday, JUNE 24th, 1:00PM - 5:00PM (Please note earlier start time)**

**Rick Berta (House)**

++++  
**JUNE MEETING-RICK BERTA-FEATURING MULTIPLE CUSTOM HORN  
and S.E.T. AMP SYSTEMS Including WEISS 202 DAC, LOWTHER  
DRIVERS, MAPLENOLL TURNTABLE, TRANSFIGURATION PROTEUS,  
AND MORE!**

**We are happy to be meeting again for Rick's audio party. It's BYO for  
beer and wine-Rick will be providing Joe's party subs and non-alcohol  
refreshments.**

**This year Rick has been working amps and transformers. He has had his  
dream 300B amp custom built with \$7500 in parts consisting of a  
separate stereo control amp chassis of 50 pounds and a separate stereo  
power supply chassis of 75 pounds. They are pictured above and  
currently driving Rick's upstairs system. Upstairs and downstairs amps  
both use Elrog 300B's.**

**The amp down stairs has a tango NC-20 interstage and a 30 watt  
Hashimoto Transformers.**

DO bring along your favorite music on disk and vinyl.  
As usual Rick has been busy enhancing and tweaking the systems.

### DOWNSTAIRS SYSTEM

**New SET Amp with Glass Audio circuit, Interstage coupled 300B amp with Elrog 300Bs**
