**NOVEMBER MEETING--JOE GALANTI FROM SUPERIOR AUDIO SYSTEMS PRESENTS EMINENT TECHNOLOGY LFT-8B PLANAR LOUDSPEAKERS, CONRAD JOHNSON TUBE ELECTRONICS, NEW SOEKRIS R-2R LADDER DAC, DRAGONFLY RED DAC, AUDIOQUEST NIAGARA 5000 POWER CONDITIONER, MACBOOK PRO/PURE MUSIC + TIDAL STREAMING WITH MQA**

**We are very happy to welcome Joe Galanti, founder of Superior Audio in Chicago, to our November meeting. Superior Audio Systems ( [www.superioraudiosystems.com](http://www.superioraudiosystems.com) ) has been in business continuously since 1983. Joe is the sole proprietor and schedules by appointment only:**

**Joe Galanti  
Superior Audio Systems  
900 N Elston  
Chicago, IL 60642  
[\(312\) 226-4848](tel:3122264848)**

**The following equipment will be on hand. Please note all music will be computer files or streaming, no disc playback.**

**Eminent Technology LFT-8B Planar Loudspeakers <http://www.eminent-tech.com/>**

**Conrad Johnson ET-5 Preamplifier**

**<http://conradjohnson.com/et5-enhanced-triode-preamplifier/>**

**Conrad Johnson LP-125SA Tube Amplifier**

**<http://conradjohnson.com/vintage-conrad-johnson-products/>** (Scroll down about halfway to LP-125SA)

**Soekris DAC1541 R-2R Ladder DAC**

**<http://www.soekris.dk/dac1541.html>**

**Audioquest Dragonfly Red DAC**

**<http://www.audioquest.com/dragonfly-series/>**

**Audioquest Niagara 5000 Power Conditioner**

**<http://www.audioquest.com/niagara-5000/>**

**MacBook Pro/PureMusic**

**All Audioquest cabling**

**The Eminent Technology LFT-8B has been in production for nearly 25 years with only one update and is still on Absolute Sound's recommended speakers listing. Conrad Johnson probably needs no introduction, making outstanding tube and solid state electronics since the 70s. The ET-5 Triode preamp and LP-125SA tube amp rated at 125w/ch will be used. The Soekris DAC1541 is a new product from Denmark utilizing advanced surface mount technology to offer a far more affordable true ladder DAC that is also DSD compatible. The Audioquest Dragonfly Red DAC now includes full MQA**

**support, so we will be able to listen and compare the same audio track from Tidal with and without MQA. Please review the links above for more information.**

**Our thanks to Joe Galanti in preparing for what should be a great meeting. Look forward to seeing all of you this Sunday.**
