

# **Virtual Chicago Audio Society Meeting**

## **Date and Time: Sunday November 8, 1:00 PM CST**

### **Topic: Peter Ledermann of Soundsmith answers your questions about phono cartridges and analog audio**

**PLEASE NOTE:** ZOOM Link for log-in will be emailed to you a day or two before this Sunday's meeting.

We are delighted to meet with Peter Ledermann, President, Chief Engineer, and Founder of Soundsmith this Sunday, November 8th at 1:00PM. Peter is planning to field questions about Soundsmith. Please reply to this email with your questions for Peter.

Our thanks to John Toney, Director of International Sales and Marketing, for coordinating this meeting with us.

From the Soundsmith website:

Soundsmith is a specialty audio manufacturer located about an hour north of New York City. Founded in 1972, Soundsmith has achieved an enviable reputation in the audiophile world for outstanding sonic quality and extremely high-value products. Perhaps best known now for their work restoring cartridges and for their Strain Gauge and Fixed Coil cartridges, every Soundsmith product is hand-crafted in Soundsmith's Peekskill, NY factory by a carefully selected team of artisans and engineers.

**Made in the USA**

The Soundsmith has existed in Westchester County, New York, for over 40 years. We currently provide audio repairs for many major brands for equipment both brought to us and equipment shipped to us from all over the world. We service Audio Research, Revox, Bang &

**Olufsen, Nakamichi, Tandberg, Halcro, DartZeel, Jeff Rowland and McIntosh and most every brand that exists or has existed. We have designed and manufactured varied types of audio equipment for many years, and are dedicated to the finest in audio reproduction.**

**The Paua MKII ES from our new ES series of phono cartridges cartridge system**

**The SoundSmith "Strain Gauge"**
