**DECEMBER MEETING--THE EDGE HOME ENTERTAINMENT featuring
Wilson, Krell, and
Usher**

We are pleased to meet at The Edge Home Entertainment in Palatine (www.edgeaudiovideo.com) for the December meeting as we did two years ago. Our hosts will be Matt, Don, and Michael at The Edge, who are their specialists for Wilson, high-end two channel, and vinyl/analog respectively.

The Edge has several setups throughout a large and very attractive store. The largest reference room will consist of the following system:

Wilson Maxx 3 Loudspeakers

Krell Reference Electronics (Universal Player, Preamp, and Mono-blocks)

Linn Sondex Analog Front End (Turntable, Arm, Cartridge, and Phono Stage)

Here are some additional systems in other rooms:

1) A large McIntosh Reference System consisting of their large reference speakers and large tube mono-blocks.

2) A Wilson Duet system.

3) An Usher 8571 system (a large floorstander with a diamond tweeter).

Matt, Don, and Michael will be on hand to answer your questions.

Do bring along your favorite discs and yes, vinyl too! There will be refreshments including sandwiches on hand.

See you all at The Edge in Palatine this Sunday!

JANUARY 2011 MEETING UPDATE:

PLEASE NOTE! We will meet on the 5th Sunday in January--1/30/11!

This is the Super Bowl Bye Week, so no excuses for not being there! 😊
😊😊

Our guest will be Sjofn Hifi (<http://www.sjofnhifi.com>) with The Clue Loudspeaker which generated a lot of buzz at the recent Rocky Mountain Audio Fest. More info at:
