

**MEETING NOTICE - Sunday, December 8th, 1PM - 5 PM**

**DECEMBER MEETING-RICK BERTA'S-FOUR(!) AUDIOPHILE HORN SYSTEMS INCLUDING 30" EV SUBS! INTRODUCING 2 NEW DIGITAL PRODUCTS-THE S.O.T.M PREAMP/DAC and ESSENCE ELECTROSTATIC HIGH DEFINITION CONTROL CENTER HDMI PREAMP/DAC**

**We are meeting at Rick Berta's for the December meeting. Rick has made the following changes since August:**

**--A 2nd basement system featuring VV32 push-pull tube amps and Altec A7 speakers.**

**--Upstairs Rick has changed horns to EV DH1A's mid and a pair of Fostex t500 mkII tweeters and an ART AUDIO PX 25 single-ended amp.**

**--The upstairs system also features the new S.O.T.M. sDP-1000 DAC and Preamp that features battery operation and an optimized lossless volume control.**

**More information on this product is available at:**
